Suncrest Middle School team that attended MATHCOUNTS included coach Lois Swineford (left), Swagat Bhattacharyya, Michael Yan, Frank Liu and Shannon Wertz.

Suncrest Middle team wins MATHCOUNTS

Eligible to compete in Orlando, Fla.

Submitted to The Dominion Post

Suncrest Middle School placed first in the 31st Annual MATHCOUNTS competition March 15.

The top four individual scores were all from Suncrest. First place went to Frank Liu, second to Sharon Lin, third to Shannon Wertz and fourth to Michael Yan.

Representatives from

17 schools across West Virginia competed for the opportunity to represent the state in the national competition in Orlando, Fla., in May.

The top school and top four individual winners — all from Suncrest — are eligible to attend the national event. Lois Swineford, from Suncrest Middle School, will coach the national team.

MATHCOUNTS provides fun and challenging math programs for U.S. middle school students to help them improve their academic and professional opportunities.
