

Have you **seen** what we do?

STEELDAY EVENT: HUNTINGTON STEEL & SUPPLY COMPANY STEELDAY

Building on the success of last year's SteelDay Olympics, we are once again taking a field trip. Marshall University's Arthur Weisberg Family Applied Engineering Complex will be the focus of this year's event! Now under construction, the Engineering Complex will become the home of Marshall's CITE (College of Information Technology and Engineering). A presentation on the new facility's form and function will be led by the design team, followed by a "cookout" lunch and tour of Huntington Steel's latest structural steel project.

About your host

Huntington Steel & Supply is family-owned, AISC Certified Fabricator and Service Center founded in 1904.

..... For
Facility Tours: Closed-toe/heel, flat shoes required.

SteelDay is an annual event hosted by the American Institute of Steel Construction, its members and partners. Plan your SteelDay visits and see firsthand why it makes sense to build with steel.

There's always a solution in steel. Now you know where to find it.
